- ★ Come learn some of the basics of boating, or fine tune your skills.
- ★ Our classes and workshops are open to DPYC members and is one of the many benefits of membership.
- ★ We will be doing classes on selected Thursday nights and on the water workshops on selected Saturdays.

Come to all classes or select ones you might be interested. There is no cost but we request reservations, especially on Saturdays so we can get boats together. Contact the front office or memberservices@dpyc.org to save your spots.

This is a great learning experience and a great way to meet new members!

If you are a club member and can volunteer your boat please contact Lisadoliva@cox.net
